Three Fruits
Nepali Ayurvedic Doctors on Health, Nature, and Social Change

◆◆◆
Mary M. Cameron

“Mary M. Cameron presents Ayurveda (“knowledge of life”) as a plant-based, person-centered, holistic body of theory and practice that interconnects diet, daily routine, lifestyle, social milieu, mental attitude, and environment with bodily, sensorial, mental, and spiritual health. **Summing Up:** Recommended. Lower-division undergraduates through faculty.”— **CHOICE**

Three Fruits will multiply the numbers of readers who already know Mary Cameron to be an exceptional observer of social change in Nepal, with a keen activist’s interest in making a shared tradition find its voice to influence that change for the better.”

— **Ben Campbell, University of Durham**

“*Three Fruits* is a significant contribution to anthropological studies of Ayurveda in South Asia.”— **Arjun Guneratne, Macalester College**

ABOUT THIS BOOK

Mary M. Cameron first encountered an Ayurvedic medical practice in remote, western Nepal in 1978. In *Three Fruits*, Cameron traces Ayurvedic medical practices from those village healers to the professionally trained doctors in the Kathmandu Valley. An intimate portrayal of Ayurvedic doctors in Nepal during a period of political unrest and social change, *Three Fruits* connects the doctors’ care for Nepal’s valued medicinal plants to the boundless joy of health they desire for their patients. Combining ethnography with history and Indian philosophy, this detailed study weaves the elegant theory of *tridosha* (three humors) and the popular medicine *trifala* (three fruits) into the narrative accounts of doctors’ multi-sited practice. Aware of rising global alternative medicine and environmental movements, the doctors speak to their relevance for Ayurveda and sustainable, integrated, and culturally meaningful plural medicine in Nepal. This book is recommended for scholars of anthropology, sociology, Asian studies, history, philosophy, ethnobotany, public health, and environmental studies.

ABOUT THE AUTHOR

Mary M. Cameron is professor of anthropology at Florida Atlantic University.
