## Rapid Ethnographic Assessments

A Practical Approach and Toolkit For Collaborative Community Research

**Thurka Sangaramoorthy and Karen A Kroeger**

This book provides a practical guide to understanding and conducting rapid ethnographic assessments (REAs) with an emphasis on their use in public health contexts. REAs have a proven history of success in shifting policies and programmatic outcomes in health and development sectors where resources and local research capacity are often limited, and where the success of interventions requires direct engagement and collaboration with local communities. This book will appeal to professionals and researchers interested in using REAs for research efficiency and productivity as well as action-oriented and translational research.
